

BLARGOANS CELEBRATES 10 YEARS

Blargoans Ltd are a local company based in Dunnet the most Northerly village in the UK. In May 2009 Martin Nicolson saw a gap in the market for an Industrial Supply Company and from that Blargoans began operating from Martin's Garage.

Over the years Blargoans has grown with demand in different areas and now has 5 sectors – Industrial Supply, Recruitment, Hospitality, Minibus Hire & IT Support employing over 45 staff. The driving force behind Blargoans has always been to provide a personal & quality service while investing in the local economy and work force.

Blargoans commitment to the county has been illustrated through the purchase, renovation and relaunching of the Northern Sands Hotel.

The renovation was completed exclusively by local trades people. Acutely aware of the impact that the decommissioning of nuclear sites will have on Caithness. They aim to increase tourism in the county by providing a modern, warm, friendly & professional environment serving quality food in a stunning location on the NC500.

Blargoans name causes much debate, what does it mean? Martin had always aspired to own a bar one day and planned to name it "Logan's Bar" after his son, a play around with the letters and Blargoans was born. We would like to thank our fantastic workforce and clients for their commitment and support over the years.
